

## Why Homeowners Choose Green Ladder

What sets us apart on a roof you'll live under for decades

Choosing a roofer is really about one thing: can you trust them with one of the most important parts of your home? Here's what makes Green Ladder different.

### GAF Master Elite Contractor

We're certified GAF Master Elite, a status held by only the top 2% of roofing contractors nationwide. It's not something you can buy. It requires proven experience, proper licensing and insurance, and a track record of quality. It also may allow eligible roof systems to qualify for enhanced manufacturer warranty options.

### Photo-documented work

We photo-document our work so homeowners can see what was done so you can see exactly what was done. No guessing, no taking our word for it. The report is yours to keep.

### Licensed, bonded, and insured

Fully licensed in California, bonded, and insured. We'll show you the paperwork before you ever sign.

### Local and accountable

We work throughout Pasadena, Altadena, Arcadia, San Marino, and the surrounding San Gabriel Valley. We're not a fly-by-night crew, we're the company you'll see around town and can hold accountable.

### A clean, clear process

From the first inspection to the final cleanup and warranty packet, you always know what's happening. No pressure, no surprises, no contractor nonsense.

### Want to see how this applies to your roof?

We're happy to walk through your proposal and show you recent local projects like yours.
